Dead Jedi and Sith resurrected, an
icy moon in the Unknown
Regions, a rain of evil, and the
repeated cry for help.

An ancient Sith ship hurtles into the future
carrying a lethal cargo that could forever
destroy Luke Skywalker's hopes for peace.

The Civil War is almost over when Jedi Knight
Jaden Korr experiences a Force vision so
intense he must act. Enlisting two salvage
jocks and their ship, Jaden sets out into space.
Someone—or something—appears to be in
distress.

But what Jaden and his crew find confounds
them. A five-thousand-year-old dreadnaught --
bringing with it a full force of Sith and one lone
Jedi -- has inadvertently catapulted eons from
the past into the present. The ship's weapons
may not be cutting-edge, but its cargo, a
special ore that makes those who use the dark
side nearly invincible, is unsurpassed. The
ancient Jedi on board is determined to destroy
the Sith. But for Jaden, even more is at stake:
for his vision has led him to uncover a
potentially indestructible threat to everything
the Jedi Order stands for.
